Property Description

Light, stylish and effortlessly coastal...

Modern, beautifully renovated and designed for easy coastal living, this stylish brick and tile home delivers an impressive combination of comfort, quality and value.

From the moment you step through the front door, it is clear that considerable thought and care has gone into creating a home that is both beautiful and practical. Fresh modern interiors are complemented by high ceilings, abundant windows and a wonderful northwest aspect, filling the home with natural light throughout the day. At the heart of the home is the generous open-plan living and dining area, where easy care tile flooring and a relaxed sense of space create an inviting environment for everyday living or entertaining. Flowing seamlessly from here, the screened sunroom provides another versatile living space and an ideal spot for outdoor dining, whatever the season.

The kitchen is warm, contemporary and highly functional. Featuring Bosch electric cooking, a double sink, generous benchtops, a breakfast bar with pendant lighting and a modern colour palette, it is a space that feels equally suited to a quiet morning coffee or time spent amongst family and friends. Additional highset windows and the extra-height ceiling bring an abundance of natural light into the kitchen, creating a bright and welcoming centrepiece to the home.

A particularly appealing feature is the extra wide hallway, with two generous storage cupboards providing excellent practicality without compromising the home's sense of space.

Both bedrooms are thoughtfully positioned for comfort and privacy. The first bedroom includes air conditioning, a built-in robe and a northeast facing window, while the spacious main bedroom enjoys the privacy of its position at the rear of the home, along with double built-in robes, air conditioning and a northeast facing window with views of the garden.

The resort style bathroom brings a touch of luxury to everyday life, with a freestanding soaking bath, large open shower, striking black tapware and accents, a freestanding vanity with a beautiful concrete basin and northeast window. A separate toilet adds further convenience.

The laundry is equally well considered, with a northeast facing window and security-mesh door allowing you to capture the fresh coastal air and ocean breezes throughout the year.

A single lock-up garage with internal access provides secure parking and the convenience of arriving home comfortably in all weather conditions.

Outside, the fully fenced side and rear yard provide a private and peaceful sanctuary, with established edible gardens offering the opportunity to grow your own fruit, vegetables and herbs. Bathed in sunlight, this yard is a wonderful place to spend time outdoors, whether you're gardening, relaxing or simply enjoying a little more connection with nature.

Side gate access makes bringing in soil, plants and gardening supplies wonderfully easy, a small but practical detail that makes outdoor living simpler.

Adding to the home's appeal is the impressive array of solar panels, helping to keep ongoing energy costs low and leaving more room in the household budget for the things you would rather spend your money on - perhaps your next getaway.
