MOXIMAX POUR-ON 5 Litre to the Highest Volume Bull Buyer.**

**14th Annual Charolais Bull Sale
Coolabunia Sale Complex
Thursday 13th August 2026 at 11:00 AM
60 Charolais Bulls**

Welcome to the 2026 Coolabunia Classic Charolais Bull Sale

The vendors would like to extend a warm welcome to all those attending this sale at the Coolabunia Saleyards. Food and refreshments will be available at the selling complex with a BBQ supplied by the Vendors.

The 2026 sale is offering 60 registered Charolais bulls including five dehorned and 55 polled bulls. Twenty-nine of the polled sale bulls have been **DNA tested Homozygous Polled**. Eighteen of the sale bulls are Red Factor.

Buyers can buy with confidence with all bulls:

- ✓ Semen & Morphology tested
- ✓ Vaccinated: 3-day sickness, 3 germ blood, 7 in 1, Pestigard & Vibrovax
- ✓ Scanned for EMA, Fat, IMF and weighed.
- ✓ All raw data will be available on a supplementary sheet on sale day and on vendors' Facebook pages on the day prior to the sale
- ✓ All bulls offered tick free

The sale will be conducted using a Bid Card system. Potential purchasers are asked to register on the day prior to the commencement of the sale. This will ensure accurate identification of the purchaser to the Auctioneer. PIC Numbers are required when purchasing. All buyer's instructions must be in writing and no verbal instructions will be accepted. A "Buyers Instruction Slip" must be completed when settling your purchases.

Bidding can be made online through **STOCKLIVE ELITE** – see following page for instructions.

Vendors are offering a **Freight Rebate of up to \$200 per Bull for every Sale Bull Sold. A Higher value Freight Rebate can be negotiated with the vendors for higher value bulls and multiple purchases.** There will be Livestock carriers in attendance on Sale Day. Please note: **Only transport arranged by the vendors / agents will be eligible for this freight rebate offer.**

Agents Rebate: The vendors agree to a 4% rebate to any outside agents who attend the sale with, or accompany clients prior to the sale to view bulls, or buy on behalf of their clients and settle within 7 days. 1% rebate to any outside agents introducing approved buyers to the vendors prior to the sale and settling on their behalf within 7 days of the sale.

Insurance will be available on Sale Day. We recommend that you insure your purchases as Ownership passes at the fall of the hammer. All stock are guaranteed breeders and are guaranteed by the individual vendors. Any claim against the breeding ability of an animal purchased should be made in writing and accompanied by a vet certificate within 6 months of the date of sale.

Warm Regards, Tania Haynes

www.stocklive.com.au

We are pleased to present a draft of 17 quality bulls this year where we will be at Lots 1 to 12 and Lots 49 to 53 in the sale. This year we have 12 DNA Tested Homozygous polled, 3 polled scurred and 2 horned bulls. The line-up of bulls this year are from our sires - 2022 Ekka Interbreed Champion- Cassaglen Raptor (PP) as well as Ascot Rafferty (P) and Palgrove Sentosa (P) and 2 new AI Sires LT Governor and JMAR Jefferson. Cassaglen Raptor is represented by 4 bulls in the sale, bringing growth for age, temperament and softness to his progeny. Lots 2, 4 and 6 show that great temperament and cover. Ascot Rafferty has 8 bulls in the sale.

Rafferty is our go-to heifer bull, his progeny are born small and have good growth and doing ability. Lots 3 and 7 are standout bulls from Rafferty. We are excited to have 2 bulls by new AI sires - Lot 1 by JMAR Jefferson (P) - a real carcass builder and Lot 5 by LT Governor (P) a breed changer that sold for \$220,000USD. The walking sires of our sale bulls are used in our commercial herds as well as the stud so it helps us to gauge the potential of the progeny. We find that we can either sell weaners or take them through to background steers and heifers through for feeder cattle or if the season allows grass finished Jap ox cattle. We feel confident that these same genetics will perform in your herds as well. 2026 saw success at the Toogoolawah Show Prime Cattle again in both the Grain and Grass sections and we were thrilled with winning both the Feeder Steers and Feeder Heifers Special classes. These cattle were by River Run bred sires. Our bulls have been prepared on an Oats crop and Riverina Maintenance pellets. Our bulls are breedplan recorded, DNA recorded, fully vaccinated (Immune Ready), semen & morphology tested, JBAS 7 herd and are members of Better Choices (Pain Mitigation for Livestock). We only clip the heads and necks of our bulls - their coats are as they are - no hair burning. Our bulls are handled with dogs, horses, utes and buggies, have been bred in the Ticks and have had exposure to lantana. Please check out our Facebook page – River Run Charolais – for videos and photos online. Should you wish to pre-inspect the bulls or require any further information on the bulls please call

Tania on 0428 256 558.

Lots 1 – 12 & 49 – 53

Diamond L Charolais and Charbrays

On behalf of the Lee family, we warmly welcome you to this year's sale.

In 2026, we are pleased to present a selection of eight bulls: four red factor and four white bulls, each offering a balanced combination of phenotype, temperament, and performance. The red factor bulls display excellent softness and a strong natural ability to lay down fat, making them well suited to a range of production systems. All four are quiet, easy to handle, and are expected to scan exceptionally well. Two sires from the Diamond L 2024 Coolabunia Classic Sale were utilised as yearling bulls to clean up following the AI program, and together they have produced five progeny featured in this year's draft.

Diamond L Tax Return, sire of the first three red-factor bulls in this offering, displayed outstanding performance when sold. His impressive data included a scrotal circumference of 40 cm, semen quality and morphology exceeding 90%, an EMA of 148 cm², and a liveweight exceeding 900 kg at just two years of age.

Diamond L Tabloid, sire of two of the four white bulls in this draft, also showcased exceptional figures. At two years, he recorded a scrotal circumference of 43 cm, fat measurements of 13/10, an EMA of 145 cm², an IMF of 5.6%, and weighed just under 1,000 kg. Our white bulls demonstrate outstanding growth and impressive weight-for-age, highlighting their performance potential. All bulls have been fully DNA tested to ensure accuracy and confidence for buyers. Each animal is 100% sire verified, with confirmed horn status, and all are tested free of MYO and Bovine Progressive Ataxia (BPA). Buy with confidence knowing genetic integrity and herd health are guaranteed. Within the offering, there are four homozygous and three heterozygous bulls, along with one dehorned bull. This dehorned bull is sired by *Cooranga All Blacks*, a son of *Silverstream Performer*. Additionally, two bulls in the draft are sired by the award-winning *Black Duck Rough Justice*, noted for his multiple show successes and proven carcass performance in his progeny. All sale bulls will complete the final two months of their preparation on an oats-only ration. We welcome and encourage inspections prior to the sale, please contact us at any time to arrange a visit.

Warm Regards *Hannah, Greg, Tracey and Sammy*

Lots 13 – 16 & 55 – 58

Charnelle Charolais

Charnelle Charolais is delighted to offer 16 industry focused Charolais bulls for sale this year at the "Classic". The draft includes 15 polled bulls and 1 horned bull. Eleven of the polled bulls are Homozygous Polled, four of this year's draft are red factor. All our bulls have been full Parent, Sire, or Dam verified. All our bulls have been DNA tested, 100K profiled, and BPA tested. All our bulls are Tested PI negative.

After 34 years of breeding stud Charolais and constantly injecting Full French genetics, we now have Homozygous Polled bulls with power, muscle, structural correctness, bone and sensible calving ease. I think this year you will see how much grunt we have been able to breed into our polled cattle.

Our bulls are prepared in large paddocks with good pasture. Silage and millet hay with a restricted access to Ridley Show & Grow pellets has been added to their diet in the preparation period. We believe we need to present our bulls in good condition, but ready to work.

At Charnelle we search and strive for genetics that will be functional, and love to hear how they perform at their new homes.

We are happy to have our bulls return to us for no cost agistment until suitable transport can be arranged. We wish you well with your purchases, and welcome presale inspections and enquiries.

Call Graham on 0427 622 410.

Lots 17 – 28 & 59 – 62

Silverwood Charolais

Hello and welcome to the 2026 Silverwood draft of bulls. This year we just have 8 bulls of which 6 are polled and that includes 2 red factor sires. We believe we have bulls that are focused on consistency and add that extra carcass and weight into your calves. As we look ahead into what the market is demanding, we believe Charolais are right at the forefront of what is required and whether it's in the feedlot or grass fattened bullocks, we believe there is a premium for adding Charolais genetics into your breeding program. We welcome pre-sale inspections to see the bulls in their home environment and to discuss what you are desiring in a potential sire. DNA results will be made available by sale day if they don't make the printing of the catalogue. Contact Lindsay (0409 677 611) or Rodney (0407 717 974) to arrange inspections.

Lots 29 - 36

It is a pleasure to return in 2026. We sincerely would like to thank our supporters and underbidders from last year's sale. This year we have selected five bulls for your consideration. These bulls have had a good season leading up to the sale, their growth and feed conversion has been very good. David Reid scanned the bulls in November 2025 for Rib fat, P8 and IMF, this data was submitted to Breed Plan alongside their 400-day weights.

Our line-up of bulls this year, are polled, BPA Free and Breed Plan recorded. Five different style bulls, there is hopefully one to suit your operation. In other news, we secured a stud sire in 'Palgrove Up It' (Moongool Redouble x Palgrove Refine) from the Palgrove 2025 bull sale. His progeny will begin arriving mid-July.

The first run of 2025 calves sired by Ow Leadtime, ANC Laois, Sparrows Kingston, Venturon Maximum Impact and ANC T884F have been weaned. The progeny are looking promising. The second run of ANC T884F calves will be weaned in September.

We will also have a team on display at the 2026 Brisbane Royal Charolais World Congress. Please do not hesitate to contact us. We welcome all enquiries and inspections prior to sale. Please phone 0428 915 299

Kind Regards *Les, Sharon, Haylee, Cody and Beau* **Lots 37 - 41**

Clearview Charolais

Lots 42 - 47

We are thrilled to be invited back as a vendor at the Coolabunia Classic and want to express our gratitude for all the support we received in 2025.

Clearview Charolais is a family-run operation established in 2020. Our goal is to produce quiet, functional, and fertile cattle with plenty of shape. These qualities are evident in our foundation females, which primarily consist of Trevlac and Palgrove bloodlines. We have strengthened our genetics through our herd sires: Brendale Ridley, the Reserve Calf Champion at BEEF 2021, and our new sire, Yuranga Park Real Impact, whose first sons are being offered in this year's sale. Progeny of Brendale Ridley has already made a significant impact at the Brisbane Royal and other major events. In 2024, two of our first registered females under the Clearview prefix—Clearview Raine and Clearview Actress 2—were awarded Champion Charolais Female and placed in the Top 5 Interbreed Females at both BEEF and the EKKa. This achievement marked a major milestone for our stud, one we will always be proud of.

We believe these accomplishments reflect the consistency of the herd we are building, and we are pleased to present another strong draft of bulls this year. We look forward to catching up with you on sale day. Please feel free to contact us anytime at 0456 840 267 or email clearviewcharolais@hotmail.com

Understanding SNP Poll Test Results

Neogen Australasia moved to SNP based DNA testing in September 2017. The move to SNP based testing means that we now have a far more accurate test for Poll in both taurine and indicine cattle.

Previously used Beef CRC based Poll tests would return a result and an accuracy (e.g. Homozygous Polled 98%). With SNP based Poll testing, the Poll gene can now be identified with a lot more accuracy and a description of the specific poll allele found is included as a subscript.

When reporting Poll test results from a SNP based test, the results will be reported as seen below:

Result	Interpretation	Animal's Appearance
PcPc	Homozygous Poll (PP)	Predominately Polled (occasional scurs)
PcPf		
PfPf		
HPc	Heterozygous Poll (PH)	Polled or Scurred
HPf		
HH	Horned (HH)	Horned

Mating outcomes (statistically):

Pc and Pf are interchangeable for 'P' in the graphic below.

	P	P	PP x PP 100% progeny will be PP polled		P	P	PP x HH 100% progeny will be PH polled
P	PP	PP		H	PH	PH	
P	PP	PP		H	PH	PH	
	P	P	PP x PH 50% progeny will be PP polled, 50% will be PH polled		P	H	PH x PH 50% progeny will be PH polled, 25% will be PP polled, 25% will be HH horned
P	PP	PP		P	PP	PH	
H	PH	PH		H	PH	HH	
	P	H	PH x HH 50% progeny will be PH polled, 50% will be HH horned		H	H	HH x HH 100% progeny will be HH horned
H	PH	HH		H	HH	HH	
H	PH	HH		H	HH	HH

CHARNELLE DIGNA 167 (GKA P27E) (P)

Comments: Johnny x Blackjack = Muscle, bone and length x volume, softness and performance, then you add great temperament, structure and homozygous polled ... you have a great bullock bull!
EBV highlights include a top 10% ranking for 600-day growth & calving ease (daughters) and top 15% ranking for 200-day growth & scrotal size. Johnny has sired our top priced bull for three of the last five years, twice being the top priced bull in the sale. Tested PI negative.

Comments: Rockerfella V23 is by the \$100,000 Palgrove Rockerfella and out of an outstanding Charnelle donor dam. He is a well structured bull with excellent depth, natural thickness and a sound, free moving structure. V23 has been successfully used within the Warilla breeding program, reflecting the confidence we have had in his breeding ability. He is backed by outstanding carcass genetics, ranking in the top 20% for EMA, top 10% for Rib Fat and top 15% for Rump Fat, making him a practical sire for adding muscle, carcass value and performance. Tested PI negative

DAM: RIVER RUN NOOSA (PLT N14E) (P)
PALGROVE FELICITY 87 (PK G253E)

Comments: Victory is another low birthweight Rafferty son that has good carcase shape and is clean coated. Should add some shape and yield in his progeny.

 GALLWAY - RS (OAF G1063F) (P)
DAM: CHARNELLE DESIRE 23 (GKA N32F) (P)
 CHARNELLE DESIRE 8 (GKA G20F)

Comments: A later maturing, good natured, homozygous polled bull by Quartermaster. Uptown Boy's dam Desire 23 (Full French) also produced Skipper who was the top price at this sale in 2022 selling to Trigger Grazing for \$29,000, and Station Master selling in 2023 to Mark Noller for the top price of \$19,000. Uptown Boy is ranked in the top 5% for IMF% (marbling) and top 30% for 400-day growth. Terrific bone and muscle in a homozygous polled bull. Tested PI negative.

QUEENSLAND LIVESTOCK AGENTS ASSN LTD

STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon

1. The highest bidder shall, subject to Conditions 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis, whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the Sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore to: -
 - (a) Refuse to acknowledge any bid.
 - (b) Withdraw any lot or lots before or during the sale.
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot: -
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves.
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9. (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidders' offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate and two percentum. For the purposes of this condition, the expression "The AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its Bill Rate for 180-day Bills of Exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the auctioneer shall determine and advise the purchaser for the interest rate to apply for the purpose of this condition.
9. (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions any lot purchased by him may be immediately resold by Public Auction or Private Contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the Sale Number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damages should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions and shall jointly and severally carry out and perform sale.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trades Practices Act or any applicable State legislation which cannot be contractually these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby executed. The auctioneer is not liable in respect of any error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
16. (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to remain with the vendor.
17. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser, and the auctioneer, while he shall use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
- 18 (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
- 18 (b) If any vendor brings to the premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right in its absolute discretion, to exclude from the sale venue or dispose of any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
